Physician Executive | Healthcare AI Founder | Speaker

Founder & CEO, ClinEfficiency Pro LLC

Board-Certified Internist | Certified Physician Advisor

WOSB Certified | Yale SOM | Harvard Data Science Institute

★ FEATURED TALK From Documentation to Dollars: How AI Is Fixing the Inpatient vs Observation Revenue Leak

ABOUT DR. UWAH

Dr. Augusta Uwah, MD, MPH is an internal medicine physician, hospitalist, physician advisor, and healthcare AI founder whose work sits at the intersection of clinical care, documentation intelligence, utilization management, denial prevention, and hospital revenue integrity.

With more than a decade of hospital medicine experience across Indiana, Virginia, Texas, and Guam, she brings a rare physician-executive perspective to one of healthcare's most urgent challenges: using AI responsibly to close documentation gaps, support appropriate inpatient vs. observation determinations, and protect hospital sustainability.

As Founder and CEO of **ClinEfficiency Pro LLC**, Dr. Uwah built a physician-led AI ecosystem — including **CLIP**, **PAULA**, and **CLAIR Suite** — designed to strengthen documentation intelligence, utilization review, denial prevention, and operational efficiency.

UPCOMING APPEARANCES

Boss Doctors Conference

July 10–12, 2026 • Coral Gables, FL

CREDENTIALS & EDUCATION

- Board-Certified Internist
- Certified Physician Advisor
- MPH, Public Health
- Yale SOM — Healthcare Management
- Harvard Data Science Institute — Agentic AI
- WOSB Certified

MEDIA & PUBLICATIONS

- KevinMD — Contributor & Podcast Guest
- Digital Health Podcast / YouTube — Featured Guest
- Clinical Colorectal Cancer — Peer-Reviewed
- Journal of Clinical Hypertension — Publication
- Assoc. of Black Cardiologists — Presentation

SIGNATURE SPEAKING TOPICS

From Documentation to Dollars

How AI fixes the inpatient vs. observation revenue leak — the \$1M+ problem most hospitals aren't solving.

Physician-Led AI Adoption in Healthcare

Why clinical credibility is the missing ingredient in most healthcare AI deployments.

AI to Strengthen Utilization Review

Faster, consistent UR that reduces denials and supports appropriate level-of-care decisions.

Revenue Integrity & Clinical Documentation

Closing the gap between the bedside and the bottom line through documentation intelligence.

Building Responsible AI Workflows

Practical frameworks for ethical AI implementation aligned with clinical judgment and compliance.

Why Physicians Must Shape Healthcare AI

The stakes of leaving AI strategy to non-clinicians — and what physician leadership changes.

IDEAL AUDIENCES

- ✓ Hospital Executives & Health System Leaders
- ✓ Physician Advisors & Utilization Management Teams
- ✓ Revenue Cycle & Denial Prevention Professionals
- ✓ Digital Health & Healthcare AI Conferences
- ✓ Physician Entrepreneurship & Innovation Audiences
- ✓ Health Policy, Compliance & Governance Groups

AUDIENCES WALK AWAY WITH

- A clear framework for physician-led AI adoption
- Denial math: where hospitals lose revenue and how to stop it
- Tools for documentation intelligence & UR improvement
- Language to align clinical and administrative teams
